

## ABOUT

The **Tiger Replacement Motor** is a premium spare part specifically designed to maintain the optimal performance of your Tiger With LED Flying Insect Trap. Built with durability and reliability in mind, this motor ensures smooth and efficient operation, prolonging the lifespan of your device.

## SPARE PARTS

# TIGER REPLACEMENT MOTOR

### TECHNICAL SPECIFICATIONS

- Brand: Trappen di Lorenzo Palma
- Material: High-quality motor components with durable bearings
- Power Supply: Standard voltage compatible with the Tiger With LED Flying Insect Trap
- Weight: Lightweight design for easy installation
- Compatibility: Exclusively designed for the Tiger With LED Flying Insect Trap

### WHAT'S IN THE BOX

- 1 x Tiger Replacement Motor
- 1 x Manual

### KEY FEATURES

- **Durable Construction:** Built with high-quality bearings for extended lifespan and reliable operation.
- **Precise Compatibility:** Specifically designed to fit seamlessly into the Tiger With LED Flying Insect Trap.
- **Smooth & Quiet Performance:** Operates with minimal noise for a discreet and efficient insect control experience.
- **Energy Efficient:** Uses minimal power while maintaining high effectiveness.
- **Easy Installation:** Designed for quick and hassle free replacement, ensuring minimal downtime.

### USAGE INSTRUCTIONS

- **Power Off:** Unplug the Tiger With LED Flying Insect Trap before replacing the motor.
- **Disassemble:** Remove the outer casing and disconnect the old motor.
- **Replace:** Install the new Tiger Replacement Motor, ensuring all connections are properly secured.
- **Reassemble:** Put the casing back in place and secure any screws or fasteners.
- **Test:** Plug in the device and confirm the motor operates smoothly and quietly.

### APPLICATIONS

- **Replacement Part:** Ideal for maintaining the functionality of your Tiger Trap.
- **Device Maintenance:** Ensures continuous performance of the Tiger With LED Flying Insect Trap.

#### Why Choose the Tiger Replacement Motor?

The Tiger Replacement Motor is the ideal solution for ensuring your device continues to deliver consistent and effective pest control. Built for durability and precision, this spare part minimizes downtime and maintenance efforts, making it an essential investment in the longevity and performance of your insect trap.
