

## ABOUT

The **Mozzie Tag** by INSECTECH is an innovative, portable mosquito control device designed to protect you wherever you go. Combining advanced anion technology with a compact and versatile design, the Mozzie Tag purifies the air and creates a safe space free from mosquito bites. Wear it as a bracelet or hang it in your surroundings for continuous protection without chemicals or toxins.

## INSECTECH

# MOZZIE TAG

### TECHNICAL SPECIFICATIONS

- Brand: INSECTECH
- Size: Approx. 4 x 1.5 x 5 cm
- Input: DC5.0V/1.0A
- Rated Power: <1W
- Effective Range: Approx. 1-2 m<sup>2</sup> (depending on usage)
- Material: Plastic

### WHAT'S IN THE BOX

- 1 x Mozzie Tag
- 1 x Bracelet
- 1 x Lanyard
- 1 x USB-C Charging Cable
- 1 x Manual

### WHITE LABEL CUSTOMIZATION

- **Minimum Order Quantity:** 1000 pcs
- **Customizable Features:**
  - Logo Placement
  - Color Customization (Black & White only)
  - NFC & GPS Integration

### KEY FEATURES

- **Advanced Anion Technology:** Emits anions that purify the air and neutralize odors, creating an environment that signals danger to mosquitoes. Causes mosquitoes to land and remain stationary, preventing bites without repelling or harming them.
- **Dual Functionality:** Versatile design allows you to wear it as a bracelet or hang it for stationary use, providing flexibility for various settings.
- **Eco-Friendly and Chemical Free:** Offers safe mosquito control without the use of harmful chemicals or toxins, ensuring it is safe for all ages.
- **Portable and Convenient:** Lightweight design makes it easy to carry, wear, or hang wherever needed.
- **Charging Port:** USB-C charging cable provides quick and convenient recharging.
- **Health Benefits:** Anions contribute to improved air quality, much like the refreshing effects of air near a waterfall or after a thunderstorm.

### APPLICATIONS

- **Personal Use:** Wear it on your wrist or hang it near your workspace for continuous mosquito protection.
- **Travel Companion:** Perfect for outdoor activities, camping trips, or mosquito prone travel destinations.
- **Home Use:** Ideal for small indoor areas like bedrooms, kitchens, or patios.

### Why Choose the Mozzie Tag?

The Mozzie Tag offers a revolutionary, eco-friendly approach to mosquito control. With optional NFC and GPS technology, it combines advanced functionality with sustainable, non-toxic protection, making it the perfect choice for modern, personal mosquito defense.
